**PETITION FOR REMOVAL OF ABANDONMENT, ISSUANCE OF CORRECTED
FILING RECEIPT, AND EXAMINATION OF THE APPLICATION**

Honorable Director of Patents and Trademarks
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This petition is being filed because the Patent and Trademark Office has not properly acted on this application and continues to follow its previous errors. No fee is due because the errors are clearly those of the Patent and Trademark Office.

This application has never been abandoned, and due to an error in a Serial Number, the Missing Parts for the application were inadvertently directed to the wrong application. That was corrected, and on May 3, 2002, the Patent and Trademark Office acknowledged that all was in order and the application was not abandoned. A copy of the May 3, 2002 order is attached.

The Patent and Trademark Office then sent a withdrawal of the Notice of Abandonment on December 12, 2003. A copy of that withdrawal is appended hereto, as well. However, the Patent and Trademark Office never corrected its records, although it issued an updated Filing Receipt also of February 12, 2003. A copy of that Filing Receipt is attached.

The undersigned filed a Request for Correction of the Filing Date for the application on October 6, 2006. A copy of that document is also attached.

To date, no action has been taken by the Patent and Trademark Office, although this application should have been examined long ago. It is requested that the Patent and Trademark Office no longer delay, and properly examine this application.

In re application of:
Bradd et al. DECISION ON PETITION
Serial No.: 09/473,726
Filed: December 28, 1999

For: VOICE OVER PACKET NETWORK
ARRANGEMENT AND METHOD

This is a decision on the documents received on April 27, 2001, to withdraw the holding of abandonment in the above-identified application.

The above-identified application became abandoned for failure to reply within the meaning of 37 C.F.R. 1.113 in timely manner to the Notice to File Missing Parts of Application mailed February 7, 2000. Which set a shortened statutory period for reply of two (2) months. Accordingly, this application became abandoned April 10, 1999. A notice of abandonment was mailed on February 20, 2001.

On April 27, 2001, the office received a communication from the attorney of record. Enclosed was an acknowledgment that the attorney responded to the Notice to File Missing Part on March 7, 2000 but the response had the wrong serial.

The evidence submitted is sufficient to establish that the petitioners responded to the Notice to File Missing Parts of Application on March 7, 2000.

The petition is hereby GRANTED.

The application has been completed for release to Technology Center 2731.

The fees received on March 7, 2000, will be transferred to the correct application ^{Noted mmp} for competition.

Telephone inquiries concerning this matter may be directed to Doshie E. Day at (703) 308-3640.

Preliminary Class

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

REQUEST FOR CORRECTED FILING RECEIPT

Honorable Director of Patents and Trademarks
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The filing receipt for this application as issued by the Patent and Trademark Office on February 12, 2003 is in error. A corrected filing receipt is therefore requested.

The filing date for this application is December 28, 1999. That was properly reflected by the Patent and Trademark Office in the original filing receipt issued February 5, 2000. However, the filing receipt mailed February 12, 2003 has a filing date of March 7, 2000. That date is incorrect.

It is therefore requested that the Patent and Trademark Office correct its records to show the filing date as December 28, 1999 and issue a corrected filing receipt.
